

Small & mighty

piqo

The **piqo** range

Discover the Nextbase Piqo. Combining cutting-edge technology with a sleek, discreet design, it represents our smallest yet one of our most powerful offerings. Effortlessly installed and intuitive to operate, this revolutionary device ensures the safety of you and your passengers as your trusted in-car companion. Always recording your journeys, it provides quick access to footage for added peace of mind.

Feature highlights

Voice Control

Nextbase Native Voice Control gives you hassle-free direct command of your Piqo.

Smart Parking

Smart Parking* triggers recording automatically when your car is knocked.

* Piqo Pro Install / Quick Connect cable required

Witness Mode Lite

A victim of road rage, or just need help? Activated by voice, Witness Mode Lite will instantly send an SMS to a friend or loved one letting them know something has happened.

NEXTBASE

Nextbase App

Elevate your Piqo experience with the Nextbase app, your ultimate dash cam companion.

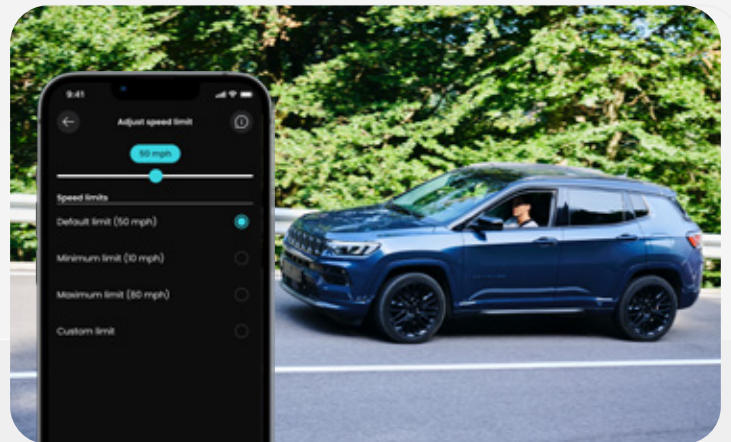

Seamlessly review and share footage, putting you in complete control. Whether it's essential files for insurance or those unforgettable moments on the road, access is just a tap away, ensuring you never miss a beat.

Emergency SOS

Emergency SOS, providing automatic alerts to emergency services with location and other critical details following a serious accident.

Guardian Mode Lite

Guardian Mode Lite. If a friend or mechanic uses your car, or travels outside of a fixed area, the files are protected. You will know what happened and your car is protected.
